

PIHDM GSC ORANG ASLI OUTREACH
SG.RELANG (28KM OF KARAK HIGHWAY)
REPORT OF COMPLETION

Background

This village is cut off from the outside world by the Karak Highway. Access to the village is via the KL-Karak highway and each trip in and out of the village would incur the RM6 toll per way. There is no electricity supply and water is taken from the source.

There are a total of 12 families in this village with a population of about 50 people. There are 15 children below 12 years old and none of them go to school. The villagers survive on the produce from the jungle and only 2 of the men work outside of the village.

Our volunteers have been going in to the village for medical mission since 2014 on a periodical basis. With the construction of the kindy/resource centre we have started a reading and writing program with the children since August 2016.

Village Improvement

This village received a RM5k from GSC Church Jubilee Year fundraising 2014. The village headman identified the following needs:-

1. to repair the electric pump
2. construct proper drainage and sanitation of the outdoor toilet.
3. to build a meeting/gathering area for the villagers
4. re-paint the houses

The initial fund was used to repaint the houses in November 2015. Subsequently we put forth a proposal and GSC OA Outreach received a grant of RM13k from AOHD (KL) in March 2016. This allowed us to undertake the following:

1. Construction of an extension to the village head's house to serve as a kindergarten/resource centre for activities to be conducted with the community
2. Demolish and reconstruct the outdoor community toilet
3. Improvement of the porch and the drainage surrounding the existing building.

The works for the physical improvements have been completed and the future improvements include

1. Installation of sewage tank for the community toilet.
2. Solar lighting for the kindy/resource centre, toilet and main walkway areas.
3. Repairing and maintenance of an old hydro-powered generated installed by a previous group about 8 years ago.

Summary of Expenses 2016

Description	Debit	Credit
Balance from RM5k Jubilee Year 2014	2,000.00	
13/4/16 - Funds received via PIHDM Cheque no :AF930077	8,000.00
